

## **Bryan Municipal Utilities**

### ***Fee Schedule for Electric Power Generator Installation and Interconnection***

SIZE (KW)	INTERCONNECTED WITH BMU	POWER EXPORT	APPLICATION FEE
<10 kW	NO	NO	\$0.00
<10 kW	YES	NO	\$50.00
<10 kW	YES	YES	Not Available
10 – 30 kW	NO	NO	\$20.00
10 – 30 kW	YES	NO	\$150.00
10 – 30 kW	YES	YES	Not Available
> 30 kW	NO	NO	\$50.00
> 30 kW	NO	YES	Not Available
> 30 kW	YES	YES	Not Available

We do not currently have programs in place for the exporting of power. We are happy to discuss possibilities and explain our limitations.

Bryan Municipal Utilities may need to hire electrical engineers to accommodate the interconnection process. This cost will be passed on to the distributed generation owner operator. This will be discussed at time of application before payment is made to BMU. We will get estimates before proceeding if that is the case.
